Womb-to-Tomb Care Meets Architectural Heritage: The Molo Integrated Tour!

We invite delegates to an enriching experience showcasing Iloilo City's commitment to both modern health and cultural preservation! First, a tour of the **Molo Primary Health Center**, a flagship facility demonstrating how a local government-run health facility operationalizes Universal Health Care (UHC) principles through comprehensive, people-centered services across all ages. See firsthand the comprehensive "womb-to-tomb" approach through population-based programs and strong community linkages. Complete the tour and complement your learning with a visit to the **Molo Mansion (Yusay-Consing Mansion)**, an iconic ancestral home. Immerse yourself in the district's rich architectural history, celebrating Iloilo's vibrant cultural identity and dedication to preserving its legacy.

Join us to witness Iloilo's inspiring model of caring for its people and its past!
