## Hospice and Palliative Care: Practical Skills in Dignity-Conserving End-of-Life Care

### ✦ Workshop Highlights

This interactive workshop is designed to build *practical, deeply human skills* for caring when cure is no longer possible—while preserving dignity, meaning, and connection.

### 🌿 Spiritual Care in Practice

Discover how spiritual presence, active listening, and compassionate communication can strengthen hope, resilience, and well-being. Learn when and how to collaborate with chaplains, spiritual leaders, and the interdisciplinary team—while honoring cultural and religious diversity.

### ♥ Dignity-Conserving End-of-Life Care

Gain hands-on understanding of advance care planning, navigate ethical dilemmas around withholding or withdrawing treatment, and practice culturally sensitive approaches that uphold patient autonomy, values, and traditions.

### 🗣️ Serious Illness Conversations: Skills Workshop

Work through real clinical cases in small groups to practice delivering difficult news. Apply structured frameworks like SPIKES and 3Ws, respond with empathy to patient and family emotions, and support shared decision-making with professionalism and clarity.
